Usage permission

You may use the materials provided here free of charge for reporting, reviews, video thumbnails, streams and videos about the featured products, including monetized channels. Credit the named brand and link to the official website where practical. No advance approval is needed for these uses.

Keep logos legible and in their original proportions. Artwork may be cropped for your layout. Do not imply an endorsement or resell the files as standalone assets or merchandise. Third-party videos and community creations require their own permission.

Key art is promotional illustration. Use the separately supplied screenshots and gameplay videos to show the actual game.
